Romantic Comedy

by Bernard Slade
July 5-14

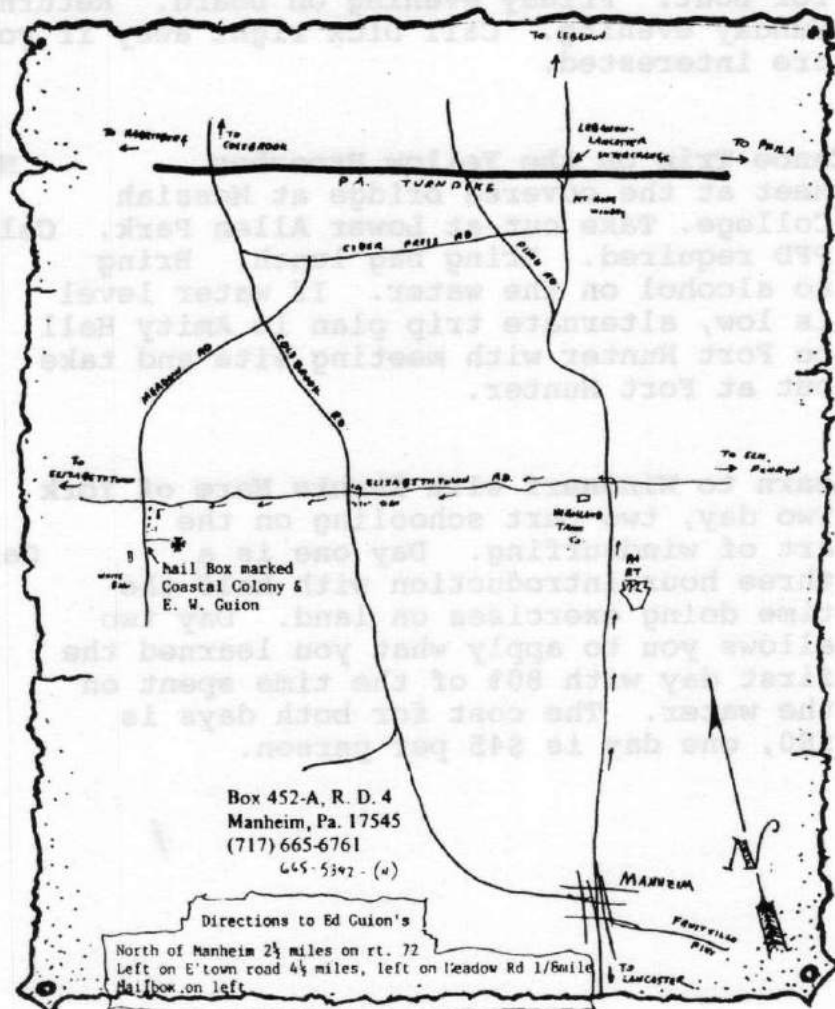

Valentine Hit!
Falling in love can be very complicated—if your head rules your heart. Bernard Slade, playwright of 1989's smash hit An Act of the Imagination, pens a sentimental romance about a sophisticated author's search for a writing partner, leading him to a frumpy schoolmarm who doesn't know how to win his heart.

Come join us for an evening of dinner and theater! On Saturday, July 14, 1990, the Kick 'N Gliders will meet for dinner at the Timbers in Mt. Gretna at 6:00 and then watch the performance of "Romantic Comedy" at the Mt. Gretna Playhouse at 8:00. Tickets for the show will be \$18.00 each (less if we have a large group) and dinner at the Timbers will be on your own. If you are interested in joining us, please send a check made out to the Kick 'N Gliders to the treasurer at P.O. Box 7054, Mechanicsburg, PA 17055 by June 23,

Canoe-Camping Trip in the Adirondacks

Dave LeRoy
561-1647

Due to popular demand, Dave LeRoy is planning a 4-day canoe-camping trip in the Adirondack Fulton Chain of lakes. Starting at Old Forge, New York, the trip will average 10 miles of flatwater canoeing each day and we will camp in leantoos and tents along the way. As in most canoe trips, short pleasant portages or "carries" are included at no extra charge.

Itinerary:

- Thurs. Aug. 2 p.m. - drive to Old Forge, New York and spend the night at the Pine Knoll Motel.
- Fri. Aug. 3 - Early risers will spot cars at the far end of the route and others will prepare to launch our Armada from the beach at the Pine Knoll. We will paddle through Forge Pond, First, Second and Third Lakes, and into Fourth Lake, for a total distance of 6 miles. We will spend the night on Alger Island in Fourth Lake.
- Sat. Aug. 4 - We will paddle to the head of Fourth Lake, traverse a shady passage into Fifth Lake and carry (.7 miles) to Sixth Lake. Then we pass under a bridge into Seventh Lake and camp on its north shore. Total distance for the day will be 10 miles, including the carry.
- Sun. Aug. 5 - We will canoe to the head of Seventh Lake and follow a narrow channel to Eighth Lake. The last part of this channel is too shallow for paddling, so we will wade through pulling our canoes behind us. After a swim at the beach on Eighth Lake, we will paddle to the far end of that lake and portage (1.1 miles) to the Brown's Tract Inlet to Raquette Lake. This is a beautiful portage leading to a meandering stream, lined with water-lilies and hyacinths. It leads to Raquette Lake Village, where one may purchase food and drink. A 4.5 mile paddle on Raquette Lake will take us to Tioga Point where we will camp for the night. Total distance for the day will be 11.5 miles, including the carry.
- Mon. Aug. 6 - Canoe to Golden Beach on Raquette Lake, a distance of about 5 miles where our cars will be waiting.

Anyone able to paddle 10 or 12 miles in a day and who has some camping experience will be right at home on this trip. You will be asked to plan and cook one evening meal or 3 simple breakfasts along with a couple of other persons. Lots of help in meal planning will be available. Lunches will be on your own.

The cost of this fun-filled expedition to the North Woods is only \$30. This is to cover the cost of the motel Thursday night, camping fees and miscellaneous expenses. Lunches, food for the meal you will prepare, gas money, meals enroute and any canoe rental costs are on your own.

Logistics and cooking require that the trip be limited to 12 persons (6 canoes) and it is possible that spaces will go quickly. A \$15 deposit will hold your place until July 1, at which time the remaining \$15 is due. Mail your money to Kick 'N Gliders, Box 7054, Mechanicsburg, PA 17055. Call Dave at 561-1647 with any questions you may have.
