Millennium Year Awards

Millennium Year Awards Banquet

"Now THAT was an Annual Dinner!"

Bill Stine

Forty-five 'Gliders gathered for an end-of-season bash April 17 at Hardings Restaurant in Camp Hill. From cocktails to certificates, it was a blast!

For the uninitiated, Harding's did a great job. The facility was very pleasant, the service excellent and the food outstanding, from the

delicious crab bisque to the fresh berry pie.

But the evening's highlights were the presentations. Star of the show was master of ceremonies, Fred Richter, complete with crutches. Fred regaled us with quick quips and "negated the notion" that the evening would be about his special episode at Inlet this year.

Dave LeRoy recapped the club's origins and history. Bill Stine presented his computerized, multimedia slide show that included pictures and commentary from every extended trip of the season. (How DO engineers dress to party, anyway?) And Dennis Major, Bill & Sandy Stine, Bill Pickering, Nan O'Donnell and others presented the award certificates. Numbering over 50, the awards ranged from the serious to the whimsical. All were heartfelt.

Along the way, and with the help of Nan O'Donnell, we even managed to elect officers for the coming year!

Although it's been a few years since we had an "annual dinner", all who attended agree ... "We'll be back!"

Our thanks to the committee of three, Bill Pickering, Sandy Stine and Dave LeRoy who promoted the idea and pulled it off!
